

Take Me to the Hospital

The Prodigy

[Intro]

Take me to the...

Take me to the...

Take me to the hospital

[Hook: Maxim and samples (Daddy Freddy)]

Take me to the hospital

Take me to the hospital

Take me to the hospital

Take me to the hospital

Push up your hand if you love the fashion

Push up your hand if you love the fashion

Push up your hand if you love the fashion

I wanna hear it for the London Massive

Push up your hand if you love the fashion

Push up your hand if you love the fashion

Push up your hand if you love the fashion

I wanna hear it for the London Massive

[Verse: Flint and samples (Daddy Freddy)]

Along came a spider

He was creepy like Dracula

He spoke like he was a friend

So I bit with adrenaline

Hold it!

[Bridge: Flint]

Welcome to the scene of the crash

Welcome to the scene of the crash

[Hook: Maxim and samples (Daddy Freddy)]

Take me to the hospital

Take me to the hospital

Take me to the hospital

Take me to the hospital

Push up your hand if you love the fashion

Push up your hand if you love the fashion

Push up your hand if you love the fashion

I wanna hear it for the London Massive

Push up your hand if you love the fashion

Push up your hand if you love the fashion

Push up your hand if you love the fashion

I wanna hear it for the London Massive

[Break: Flint]

Crash

Crash

Hold it!

[Bridge: Flint]

Welcome to the scene of the crash

Welcome to the scene of the crash

[Hook: Maxim]

Take me to the hospital

Take me to the hospital

Take me to the hospital

Take me to the...
