Bend over, see it, see itI'm a country ass nigga

I fucked wit' yo' wife
If yo' bitch come around
We put some dick in her life
Niggas ain't real, must'a started smokin' rocks
It all fell down, 'cause they was bitin' too much pac
But what goes up, must come down
While these bitches suckin' dick
And droppin' to the ground
But what goes up, must come down
While these bitches suckin' dick
And droppin' to the ground
But what goes up, must come down
While these bitches suckin' dick
And droppin' to the ground
City, every town, I'm ballin' in the mix
I'm servin' niggas bricks
Keep a bad yellow bitch
On my team, sippin' lean
Ain't no thang of the past
The '84 Beritz with the slant back ass
Keepin' me a pro, next to my fo'
Instead of stackin' cheese
He steady screamin' to that hoe, let me see it
Fuck ass nigga, fuck ass nigga
Get yo' mind on yo' money
Hol' up, hol' up, UGK bitch
Representin' that south, that south
And this ain't no muthafuckin' Hip-Hop records
These country rap tunes, hol' up
