

Passenger

Britney Spears

I can't let go of control
I can't let go and not know
Don't know the way you're heading me
One day at a time is all I need
There was a time without trust
There was a time without love
But it took you to show me
I could handover the keys I'll let you lead the way now
Cause I want you to take the wheel
I've never been a passenger though
I never knew how good it could feel
The road will twist and turn but
I know that I am in good hands
I've never been a passenger no
But we'll see more without a map
So let's take a walk and get lost
Let's take a chance on finding us
I wanna see the world with you
Every step feels so brand new
It's hard to jump with no net
But I've jumped and got no regret
My co-pilot yeah that's right
Now I can just enjoy the ride I'll let you lead the way now
Cause I want you to take the wheel
I've never been a passenger though
I never knew how good it could feel
The road will twist and turn but
I know that I am in good hands
I've never been a passenger no
But we'll see more without a map
And now we're finally falling
Cause I was giving you half now I'm all in
My hands in the air while you're driving This is living Yeah I'll let you lead the way now
Cause I want you to take the wheel
I've never been a passenger though
I never knew how good it could feel
The road will twist and turn but
I know that I am in good hands
I've never been a passenger no
But we'll see more without a map
