Passenger

Britney Spears

I can't let go of control
I can't let go and not know
Don't know the way you're heading me

One day at a time is all I need

There was a time without trust

There was a time without love

But it took you to show me

I could handover the keysI'll let you lead the way now

Cause I want you to take the wheel

I've never been a passenger though

I never knew how good it could feel

The road will twist and turn but

I know that I am in good hands

I've never been a passenger no

But we'll see more without a map

So let's take a walk and get lost

Let's take a chance on finding us

I wanna see the world with you

Every step feels so brand new

It's hard to jump with no net

But I've jumped and got no regret

My co-pilot yeah that's right

Now I can just enjoy the rideI'll let you lead the way now

Cause I want you to take the wheel

I've never been a passenger though

I never knew how good it could feel

The road will twist and turn but

I know that I am in good hands

I've never been a passenger no

But we'll see more without a map

And now we're finally falling

Cause I was giving you half now I'm all in

My hands in the air while you're driving This is living Yeah I'll let you lead the way now

Cause I want you to take the wheel

I've never been a passenger though

I never knew how good it could feel

The road will twist and turn but

I know that I am in good hands

I've never been a passenger no

But we'll see more without a map
