

# Now Is Forever

[Lauren Daigle](#)

I need to see You turn this water into wine  
I need to see Your kingdom come with my own eyes  
Take anything You want, I'll hand it over  
Now what to hold and what to leave behind  
I wanna let forever in  
Show me the moment where I end and you begin  
I wanna be where heaven is  
Oh stay with me until now is forever  
Take the treasure and the trial I cast them off  
Till I am holding on to nothing but the cross  
Depending on the love that won me over  
Surrender in the light to keep control  
I wanna let forever in  
Show me the moment where I end and you begin  
I wanna be where heaven is  
Oh stay with me until now is forever  
Awake, awake my soul  
Awake 'til now 'Cause I have known  
I wanna let forever in  
I wanna let forever in  
Show me the moment where I end and you begin  
I wanna be where heaven is  
Oh stay with me, stay with me  
I wanna let forever in  
Show me the moment where I end and you begin  
I wanna be where heaven is  
Oh stay with me until now is forever
