

Floating

Constant Smiles

[Verse 1]

Where do I go from here
And when will it be coming clear?
It's been so hard to think
My mind is always at the brink

[Chorus]

Of war
And war has come to me

[Verse 2]

Where do you want to go?
I'll take anywhere you know
And if I could just believe
I'd give you anything you need

[Chorus]

Like war
And war has come back to me
