

How We Know

The Assemblie

Love came down to earth below
Lived and breathed as one of us
This is how we know

You put love on grand display
In both life and death the same
This is how we know

You laid down Your life
Here's love displayed
The greatest gift of all
His love displayed

This is how we know what love is
This is how we know what love is

Love came down to take on death
To collide on our behalf
This is how we know

You gave up Your perfect life
So the world could see the truth
This is how we know

Lost You found me astray
Wandering through the dark
It's how I know

Changed You saved me
From all my hopelessness and fear
It's how I know

Love surrounds me
With grace that brings me to my knees
It's how I know
