

Angel

Natasha Bedingfield

A n g e l
A n g e l
Just like a shadow
I'll be beside you
I'll be your comfort
And let it guide you home I will provide you a place of shelter
I wanna be your zone
Tell me what to do
Tell me what you wanted me to do
I'll make you great to be a man
With a woman who can stand
on every promise given
making vows to please her man
If I could be your angel
(Your angel, Your angel)
Protect you from the pain
(from the pain oooh)
I'll keep you safe from danger
(from danger, from danger) You'll never hurt again
(no more. i'll be your)
a.n.g.e.l, a.n.g.e.l, a.n.g.e.l
a.n.g.e.l
I'll be your a.n.g.e.l
I'm gonna be your a.n.g.e.l
I'll be your angel
Just like the moon
I'll step aside
And let your sun shine
While I follow behind
Cause baby what ya got
You deserve all the props
With everything I'm not I'm so glad your mine
Tell me what to do
Tell me what you wanted me to do
I'll make you great to be a man
With a woman who can stand
on every promise given
making vows to please her man
If I could be your angel (Your angel, Your angel)
Protect you from the pain
(from the pain oooh)
I'll keep you safe from danger

(from danger, from danger)
You'll never hurt again
(you'll never hurt i'll be your)
a.n.g.e.l I'm gona be your a.n.g.e.l
I'll be your angel
Tell me why there's so many good men
in the world, misunderstood
He's a dog, he's no good
If someone never should
Disrespect my man
You're gona have to come see me
I fight hard for my baby
He's all that I need So if you got a good one
Put your hands up
Come on girl and stand up
Go ahead lift your man up
Get up
If you got a good one, put your hands up
Go ahead lift your man up
Get up
If you got a good one, stand up
Come on girl, and stand up
If I could be your angel
Your angel, Your angel
Protect you from the pain
I'll keep you safe from danger
You'll never hurt again
I'll be your a.n.g.e.l
I'm gona be your a.n.g.e.l
I'll be your angel
