

Low Hanging Fruit

Shiner

There's a comedy inside tonight
Though we'll never be inside tonight
And the cadillac's immortalized
The size your eyes

So you tried to disappear tonight
Threw your car keys in the lake
Ferris wheels instead of eyes
Surprise surprise

Chasing dogs in the street
Rip it up into pieces
Breaking us in your dreams
And you're leaving today

You sold yourself off to the lowest bid
The low hanging fruit is the safest way

You sold yourself off to the lowest bid
You throw yourself off of the lowest bridge
The low hanging fruit is the only way
