

# OG Heartthrob

Majid Jordan

Oh right, I'm thinking it's getting late  
I'm running on an hour sleep  
I'm bout to hit Marina Bay  
Someone call the valet  
I've got a classic case of OG heartache  
And I don't like to wait  
Don't make me wait on you, you  
Let's get this started  
See you changed my life and I won't ever forget it  
I'm telling you, you  
They all had me wrong except for you, you  
I won't let you go  
Original heartthrob  
Giving me heart problems  
'Cause I can't take making love to anyone but you  
Original heartthrob  
You make my body erupt  
I can't take waking up to anyone but you  
Don't make me wait on you, you  
Don't make me wait on you, you At night your aura turns to blue  
Your kisses paint me rouge  
You got me wide awake riding on your body wave  
Lemme know the time and place  
Baby I just want a taste  
And I don't like to wait  
Come with me, we can party in the city  
When nobody else is up  
'Cause whenever you're with me, there's nobody catching up  
No they won't, I won't let you go, I won't let you go  
No I won't, they've all got me wrong, they've all got me wrong  
Original heartthrob  
Giving me heart problems  
'Cause I can't take making love to anyone but you  
Original heartthrob  
You make my body erupt  
I can't take waking up to anyone but you  
Don't make me wait on you  
Don't make me wait on you I'm leaving from the karma door  
Headed to your front door  
Open up and let me in  
Have my heart, it's yours  
I'm feeling like I'm 25

Girl you got me on a ride  
I'm glad that you're on my side  
Original heartthrob  
Giving me heart problems  
'Cause I can't take making love to anyone but you  
Original heartthrob  
You make my body erupt  
I can't take waking up to anyone but you
