

Automobile

KALEO

Imagine myself in an automobile
A hundred miles an hour, only me at the wheel.
I want it to shine, to be only mine
The engine has to be, oh, only one of a kind. How many dollars do I need sir?
You know I sure don't have a lot
There must be something we can work out
Well, I'll take it anyway I guess I could make room for one, a bottle of rum
You and me together riding into the sun
Live without care, with the wind in my hair
Driving through the desert, yeah I'll go anywhere
Take me where the wheels take me, far away
Wheels take me, I can't stay
Wheels take, any place today Imagine myself in an automobile
A hundred miles an hour if you know how I feel.
Alone with my mind, leave my worries behind
I might even reach the border, it's just a matter of time
I said take me where the wheels take me, far away.
Wheels take me, I can't stay.
Wheels take me, any place today.
Ohh I'm going to San Diego, here I come.
San Fransisco, it won't be long.
Sacramento, yeah in the sun, I just might go
I said I'm going to San Diego and San Jose
San Fransisco and hang by the bay
Sacramento, yeah all the way, I just might go
All the way to Mexico, oho
I just might go all the way down to Mexico.
