

Got Me Going Crazy

Jonas Brothers

[Verse 1]

Hey, there, pretty lady
Tell me how you're doing
Tell me what can I do to help
'Cause I've been thinking of you for a little while now
And this, right here, is how I feel

[Chorus]

Girl, you got me going crazy
Knock me off my feet
Now, you got me begging, baby
Begging, baby, please
All I wanna know is do you wanna get away?
Get away with me
'Cause girl, I don't know what to do
'Cause I'm so in love with you

[Verse 2]

Head over my heels
Yeah, I know how I feel
Girl, you know that I'm in love
Oh, I was so lonely
Now, I know you love me
This, right here, is how I feel

[Chorus]

Girl, you got me going crazy
Knock me off my feet
Now, you got me begging baby
Begging, baby, please
All I wanna know is do you wanna get away?
Get away with me?
'Cause girl, I don't know what to do
'Cause I'm so in love with you

[Bridge]

Come on
All I wanna know is do you wanna get away?
Yeah

[Chorus]
Girl, you got me going crazy
Knock me off my feet
Now, you got me begging, baby
Girl, I'm on my knees
All I wanna know is do you wanna get away
Get away with me?
'Cause girl, I don't know what to do 'cause I'm so in love
So in love
So in love with you
Ah
