

When the Lights Fade

Chris Mann

When the lights fade, it's such a pretty view
On the last take all I see is you
In the fast lane the city rushes by
I just can't wait 'cause we only have tonight
Feels like I'm slipping away
Everyone's pushing and pulling
I don't know how much I can take So I'm holding on
You're my life line and I fall right into you
Holding on, and you're the only way
Slow me down, I stay on the ground
Holding on is all I can do until the lights fade
In the doorway of a perfect little house
I see you waiting
And my heart is the only sound
You're the one thing I can't get enough
I keep wishing and hoping
I don't know how long I can wait so I'm holding on
You're my life line and I'm falling right into you
Holding on, and you're the only way
Slow me down, and I stay on the ground
Holding on is all I can do until the lights fade Take me higher than I've ever been
where you are is where I'm home
I'll be your shelter, I'll watch over you
I'll hold my hand out and together we'll be
I'm holding on, you're my life line
And I'll fall right into you
Holding on, and you're the only way
You slow me down, I stay on the ground
Holding on, is all I can do Holding on
You're my life line and I fall right into you
Holding on and you're the only way
Slow me down I stay on the ground
holding on is all I can do Holding on is all I can do until the lights fade
Until the lights fade
