

# Not On Your Love

Jeff Carson

We both said some things we don't really mean  
Sometimes love can be like that  
And right now they hurt but they're only words  
They're nothin' we can't take back But every time we don't see eye to eye  
You worry, I might say goodbye  
Not on your love, not in this life  
Could I ever leave, I wouldn't think twice  
Of letting you go, by now you should know  
I need you too much  
Not on your love, no way in this world  
Could I ever live without you, girl  
When times get tough, I'm not giving up  
Not on your love When we started out, we made a vow  
Not to sleep till we settled the fight  
And there have been times we've seen the sun rise  
But it always worked out all right Even in the darkest hour before dawn  
I never thought of moving on  
Not on your love, not in this life  
Could I ever leave, I wouldn't think twice  
Of letting you go, by now you should know  
I need you too much  
Not on your love, no way in this world  
Could I ever live without you, girl  
When times get tough, I'm not giving up  
Not on your love When times get tough, I'm not giving up  
Not on your love
