

WRONG (feat. Lil Mosey)

The Kid LAROI

Internet Money, bitch, hahaha I know that we ain't gettin' along (Nah, nah, nah) But I don't
wanna see you on your own tonight (No, no)
Girl, DND your phone (Do that shit)
I'm tryna get you on your own tonight
You're bad and you know it (You do)
You tell me that you're with it, gotta show me now (Oh)
Mixin' Hennessy with emotions (Emotions)
I'm just tryna let go, can you hold me down? You got it, you got it, girl, and you know that shit
You tell me you want the world, can't give you all that shit
Let's get off the Hennessy, let me pour that shit
I'm tryna make memories, give me all that shit
Let's make some, shawty, take drugs 'til the sun come up
In the Wraith truck, give me brain, uh, give me all that, uh
Give me all that, do it how you want it (Oh)
Don't even gotta ask 'cause you bad and you know it (You do)
I know that we ain't gettin' along (We don't)
But I don't wanna see you on your own tonight
Girl DND your phone (Do that shit)
I'm just tryna get you on your own tonight
You're bad and you know it (Oh, oh)
You tell me that you're with it, gotta show me now (Gotta show me)
Mixin' Hennessy with emotions
I'm just tryna let go, can you hold me down? She wanna be my one and only
But I can't be the one she wantin'
Baby, I'm sorry, sorry, I don't care
Baby, I'm sorry, sorry, I won't, bae
Don't give a fuck, let's get drunk and then fuck
Fucked up, I just wanna feel love
I'm gon' face one, need to feel some and she take some
Well, I don't got time to wait on you
I know that we ain't gettin' along
But I don't wanna see you on your own tonight
Girl, DND your phone (Ooh, ooh)
I'm just tryna get you on your own tonight
You're bad and you know it (You do)
You tell me that you're with it, gotta show me now
Mixin' Hennessy with emotions (Oh, oh)
I'm just tryna let go, can you hold me down? I said, "Baby, you better show me" (Baby)
Tired of these hoes, feel like the old me (Oh)
I remember the last thing you told me (Told me)
I know you fuck with everybody, so I might move doley (Lil' bitch)
Back on my old shit (Old shit), put shit in motion (Oh)

Pussy so wet, it feel like a ocean (Oh yeah)
You can't play with me, yeah, act like I won't notice (Wow)
Bitches changed and act like I ain't notice, oh (Bitches changed)I know that we ain't gettin'
along (No)
But I don't wanna see you on your own tonight
Girl, DND your phone (Oh, woah)
I'm just tryna get you on your own tonight
You're bad and you know it
You tell me that you're with it, gotta show me now
Mixin' Hennessy with emotions
I'm just tryna let go, can you hold me down?Yeah
