

If I Left the World (feat. MARINA & Model Child)

Gryffin

See a million faces
Sliding down below
Awful lot of strangers Only one I'm lookin' for
It's lonely in this cabin
God, I wanna know
Are you with somebody else
Who'd never let you go? I want another life in
A brand new galaxy where
There ain't no sense of time
And there ain't no gravity
If I left the world
Would anybody miss me while
I look down on this city thinkin'
"Should have loved you more?"
And maybe you'd be with me, darling
If I hadn't gone and left the world
If I, if I, if I, if I
If I hadn't gone and left the world
If I, if I, if I, if I
If I hadn't gone and left the world Been a lot of places
And none of them were home
Always told myself that I'd be
Better off alone
Float up from my body
Been longing for the moon
Look her in the eye and tell her
I'ma see you soon
I want another life in
A brand new galaxy where
There ain't no sense of time
And there ain't no gravity
If I left the world
Would anybody miss me while
I look down on this city thinkin'
"Should have loved you more?"
And maybe you'd be with me, darling
If I hadn't gone and left the world If I, if I, if I, if I never
If I hadn't gone and left the world
If I, if I, if I, if I, if I never
If I hadn't gone and left the world If I left the world

Would anybody miss me while
I look down on this city thinkin'
"Should have loved you more?"
And maybe you'd be with me, darling
If I hadn't gone and left the world
