

Ten Times Crazier

Blake Shelton

[Verse 1]

Well I'm crazy about fast cars, football and guitars
All them old country songs Daddy used to play
I'm crazy about Friday nights, cold beer and good times
Crazy about a summer day out on the lake

[Chorus]

But I'm ten times crazier without about your love, girl
I'd do about anything you ask me to
I'm just plain crazy about a lot of things baby
But I'm ten times crazier about you

[Verse 2]

Well I'm all about a weekend, kicking with my good friends
Every now and then I like to make a little noise
But don't you go thinking' that I won't leave them hanging
Cause even though I'm crazy about them good old boys

[Chorus]

I'm ten times crazier about your loving girl
I'd do about anything you ask me to
I'm just plain crazy about a lot of things baby
But I'm ten times crazier about you

[Bridge]

I know you love me girl that's easy to see
But as crazy as you say you are about me

[Chorus]

I'm ten times crazier about your loving girl
I'd do about anything you ask me to
I'm just plain crazy about a lot of things baby
But I'm ten times crazier about you

I'm ten times crazier about your loving girl
I'd do about anything you ask me to
I'm just plain crazy about a lot of things baby

But I'm ten times crazier about you
