

# She Got the Best of Me

Luke Combs

[Verse 1]

Seventeen, you don't think that much about life  
You just live it  
Like kerosene dancing around a fire  
But you're in it

[Pre-Chorus]

So you jump right in  
Ain't afraid to fall  
And you give it all

[Chorus]

She got the best of me  
She broke my heart  
Now all that's left of me  
Is beating in this guitar  
Every night, a different town  
She follows me around  
So you get what's left of me  
Yeah, you get what's left of me  
'Cause she got the best of me

[Verse 2]

I picked myself up off the floor  
And found something new worth living for  
And a, old dusty hand-me-down six string  
And a couple chords

[Pre-Chorus]

I'm getting over her  
A little more with every song  
So sing along

[Chorus]

She got the best of me  
She broke my heart  
Now all that's left of me  
Is beating in this guitar  
Every night, a different town  
She follows me around

So you get what's left of me  
Yeah, you get what's left of me  
'Cause she got the best of me

[Chorus]

She got the best of me  
She broke my heart  
Now all that's left of me  
Is beating in this guitar  
Every night, a different town  
She follows me around  
So you get what's left of me  
Yeah, you get what's left of me  
'Cause she got the best of me

[Outro]

She got the best of me  
She got the best of me  
She got the best of me
