Be Careful

[Snoh Aalegra](#)

There are people to blame for people's pain

I hurt somebody too, I'm so ashamed, I'm so ashamed

See, I did something wrong, let me explain

If I tell you I changed, would you stay the same? Stay the same

Try to be careful in a land full of mines

Try to be careful, these are the, these are bad times

Try to be careful even in a land full of mines

Try to be careful, these are the, these are bad times

Oh, the bad times

Oh, the bad times

Oh, oh, ooh

Oh, the bad times I got

Oh, the bad times these are

These are the

These are the

Oh, the bad times, mmh-mmh, yeah
