Gotta Kill Captain Stupid

[Suicidal Tendencies](#)

Ah, damn, we got a lot of stupid people
Doing a lot of stupid things
Thinking a lot of stupid thoughts
And if you want to see one
Just look in the mirror

Gotta kill Captain Stupid, can't you see him
Today we start the new way, we're Suicidal
Gotta kill the old way, we'll make it better
Won't you join our mission, don't be stupid
Got to kill Captain Stupid
Gotta kill Captain Stupid

Brothers killing brothers, what up with that?
Can't you see they're laughing, that ain't funny
Babies making babies, that ain't love
You just got screwed over, get some respect

Chorus:
Got to kill Captain Stupid
Got to kill Captain Stupid

And I don't understand why
People be bringin' Captain Stupid in their lives
Treating him like a superhero
Glorifying him when he ain't nothing but a superpunk
And you see, you're the one who's gonna have to stop him
'Cause you're the one that started him

Oh, what's that?
So how you say life sucks
Well, ninety-nine percent of it's
What you make of it...
So if your life sucks, you suck

What's that crap you're smoking, playing the fool
Waste your life for nothing, when you're something
What the hell you thinking, mind pollution
Got to get back control, it's your life fool

Chorus

What's that now?
Ah, so you scared to do something about it
Well, you better be scared not to do something about it
'Cause if you don't kill Captain Stupid
Captain Stupid gonna kill you
Got to kill Captain Stupid - fool
