

# Catch Up (feat. Mike WiLL Made-It)

Chloe x Halle & Swae Lee

I'm already, don't know  
I said I've already talked to myself  
Maybe it's true what they say 'bout you  
You're in the loop if you knew what I knew You've been used at the hotel room  
I smell the booze, not your cheap perfume  
I'm quick to move on, don't get it confused  
I have a future with shit to lose, (Go)Whoa, you better turn up (Oh)  
Oh, now you better catch up (Oh)  
Front to back, girl, jigga chimmy cha-cha, mmm  
Front to back, girl, let me see you cha-cha, mmm  
You wanna talk 'bout me, what about you?  
You like to party and hang with your groupies now  
And I was up at midnight pacing 'round the room thinkin' 'bout you  
You turn your phone off, guess I will too I know you were at a hotel room  
You've got her lipstick on your shirt, I'm no fool  
I'm quick to move on, don't get it confused  
I have a future with shit to lose  
You're gonna lose me, so now I Whoa, you better turn up (Oh)  
Oh, now you better catch up (Oh)  
Front to back, girl, jigga chimmy cha-cha, mmm  
Front to back, girl, let me see you cha-cha, mmm Oh, you angry, I'm just tryin' to party  
Why you trippin' when I give you what you give to me?  
You run a big game, well, baby, I can play  
You gon' be trippin' when I give you what you give to me  
Whoa, you better turn up (Oh)  
Oh, now you better catch up (Oh)  
Front to back, girl, jigga chimmy cha-cha, mmm  
Front to back, girl, let me see you cha-cha mmm
