

# I'll Give All My Love to You

Keith Sweat

Ooh, baby, baby, baby  
Whoa... oh...  
My, my, my, my baby, yeah, girl  
Oh, I love you, baby  
Ooh, yes, I, yes, I do, girl I love you in the night  
I'm gonna take it real, real slow (Ooh, my baby)  
I understand what you told me  
And if I didn't know I always wanted someone just like you  
I really to hold you  
I'd give the world to you, oh, my darlin'  
You know I will, yeah, yeah, you know I will, I surely will  
I will never do anything to hurt you (I wouldn't do one single thing to you, babe)  
I'll give all my love to you (Gonna give every bit of my love, my love)  
And if you need me, baby, I'll come runnin' (Yes, I will)  
Only to you (To you, my baby, yes, I will) Why don't we just lay down, baby  
And hold each other real, real close  
'Cause I don't wanna rush you, baby (No, no, no, no, no)  
If time, if time is what you need the most I always wanted to love you  
You could make all my dreams come true  
I want to love you, love you tonight, oh, my darlin'  
Yes, I do (Na-na), yeah... yeah... yeah... I will never do anything to hurt you (I will never do one  
little thing to you, baby)  
I'll give all my love to you (And I'm gonna give you every little bit of my love tonight, girl)  
And if you need me, baby, I'll come runnin' (Oh, ho, yes, I will)  
Only to you (Only to you, baby, oh, oh, oh, I)  
Mmm, mmm, now, now, now, now  
Girl, I've been longin' for you, baby, for a long, long time  
Girl, let's make love tonight, babe  
I can make you feel real good, baby, I can make you feel real good, baby  
Sometimes, sometimes I get a little lonely, baby (It gets so rough for me, baby)  
And I need somebody I could call all mine  
I need the love, so fine So you are the one for me, baby  
I know that you are the world for me, baby (You are the one)  
Yeah... yeah... yeah... yeah... yeah... yeah... whoa... I will never do anything to hurt you (I will  
never, never do a thing to hurt you)  
I'll give all my love to you (I give you every single bit of my love)  
And if you need me, baby, I'll come runnin' (All you got to do, baby)  
Only to you (When you need somebody pick up the phone, I'll be there, I'll be right there) I will  
never do anything to hurt you (Ooh, baby, baby, baby)  
I'll give all my love to you (Understand, understand what I'm sayin' to you, baby)  
And if you need me, baby, I'll come runnin' (Oh, baby)  
Only to you (Only to you, baby, only to you, baby, only you, baby, I'll never hurt you) I will

never do anything to hurt you  
I'll give all my love to you  
And if you need me, baby, I'll come runnin'  
Only to you
