

Hurricane

I Prevail

[Verse 1]

Tell me I was never good enough
Remind me of the demons that I've been running from
Tell me who the hell you thought I was
Or just blame it on the person, the person I've become

[Pre-Chorus]

Lately, I don't give a fuck
'Cause I can't be myself when I'm with anyone
Maybe, I'm already gone
I'll never be the same

[Chorus]

It hit me like a hurricane
It hit me like a tidal wave
And I don't know why I drown my mind in everything they say
It hit me like a hurricane
It hit me like a tidal wave
And I don't know why I drown my mind, it got the best of me

[Verse 2]

Tell me that I'm lost inside my mind

(I reach out but it's pulling me under)

Remind me I've been searching for something I won't find

Tell me I was never worth the time

(I reach out but it's pulling me under)

Or just blame it on the person you think I left behind

[Pre-Chorus]

Lately, I don't give a fuck

'Cause I can't be myself when I'm with anyone

Maybe, I'm already gone

I'll never be the same

[Chorus]

It hit me like a hurricane

It hit me like a tidal wave

And I don't know why I drown my mind in everything they say

It hit me like a hurricane (Hurricane)

It hit me like a tidal wave (Tidal wave)

And I don't know why I drown my mind it got the best of me

[Bridge]

With your life on the line

Ready to die for something

When you're at the divide

And you're down to nothing

Look into my eyes
Believe me that the storm is coming
Believe me that the storm is coming
Down, down, down
It's coming down

[Chorus]

It hit me like a hurricane
It hit me like a tidal wave
And I don't know why I drown my mind in everything they say
It hit me like a hurricane (Hurricane)
It hit me like a tidal wave (Tidal wave)
And I don't know why I drown my mind, it got the best of me

[Post-Chorus]

It's coming down, down
Believe me that the storm is coming down

[Outro]

Lately, I don't give a fuck
'Cause I can't be myself when I'm with anyone
And maybe, I'm already gone
