

# No Time Soon

Gnarls Barkley

This could be one of those days  
When we must go our separate ways  
It's good for you to be out of my sight  
Cause you never know you might And I carry this  
It's heavy  
I miss you  
Already You were perfect babe  
My time will come, yours too  
I barely go before you  
I hope you live forever  
Or maybe we can go together It'll be perfect babe  
And I carry this  
It's heavy  
I miss you  
Already You were perfect babe
