

Acquainted

The Weeknd

[Verse 1]

Baby you're no good
Cause they warned me 'bout your type girl, I've been ducking left and right
Baby you're no good
Think I fell for you, I fell for you, I fell for you

[Pre-Chorus]

You got me puttin' time in, time in
Nobody got me feeling this way
You probably think I'm lying, lying
I'm used to bitches comin' right 'way

[Chorus]

You got me touchin' on your body
You got me touchin' on your body
To say that we're in love is dangerous
But girl I'm so glad we're acquainted, oh
I get you touchin' on your body
I get you touchin' on your body
I know I'd rather be complacent
But girl I'm so glad we're acquainted
We're acquainted

[Verse 2]

Baby you're no good
All my niggas think I'm crazy' cause I'm thinkin' 'bout us lately
But really if I could
I'd forget about you, 'get about you, 'get about you

[Pre-Chorus]

You got me puttin' time in, time in
Nobody got me feeling this way
You probably think I'm lying, lying
I'm used to bitches comin' right 'way

[Chorus]

You got me touchin' on your body
You got me touchin' on your body
To say that we're in love is dangerous
But girl I'm so glad we're acquainted, oh

I got you touchin' on your body
I got you touchin' on your body
I know I'd rather be complacent
But girl I'm so glad we're acquainted
We're acquainted

[Verse 3]

Momma called me cryin', cryin', cryin', cryin'
'Cause I won't find somebody that's real (she wants somebody that's real,) yeah
'Cause every time I try to, try to, try to run
The fast life keeps gaining on me (the fast life keeps gaining on me,) shit
But ever since I met you (ever since I met you)
I couldn't believe what you did
So comfort me babe, ain't no rush from me babe
(Wooooooh)

[Chorus]

I'll keep on touchin' on your body
I'll keep on touchin' on your body
To say that we're in love is dangerous
But girl I'm so glad we're acquainted, oh
I got you touchin' on your body (touchin' on your body)
I got you touchin' on your body (touchin' on your body)
I know I'd rather be complacent
But girl I'm so glad we're acquainted
We're acquainted

[Outro]

I'm not tryna talk at all
'Cause I'm tryna love you crazy
Put some more inside your cup
And drink till you numb the pain
I got you touchin' on your body
These girls keep touchin' on their body
They got accustomed to the life we live
These girls born in the '90s are dangerous
I got 'em thinkin' that they want me
Although they know they not the only
I got 'em wanting to embrace their sins
These girls born in the '90s are dangerous
