

All the Work

Amber Mark

[Verse 1]

I have cried many miles worth of tears
Damn well tried, I gave up all these years
Seems like there is a point in everything
So it goes, such is life, singin' mmm

[Pre-Chorus]

You want me back
You see all that
I have become
And what I've done

[Chorus]

Now that I, I put in all the work
Down in all the dirt
You wanna try, to say that you and I
Should get back to how we were

Now that I, I put in all the work (you want me back)
Down in all the dirt (you see all that)
You wanna try, to say that you and I (I have become)
Should get back to how we were (and what I've done)

[Verse 2]

I had gained all the pain, all the fear
Where were you when I felt I could not get here?
All of a sudden I'm all you need
Listen 'bout all of our memories
Tell by the way that you're beggin' me
Just give up, I moved on

[Chorus]

Now that I, I put in all the work
Down in all the dirt
You wanna try, to say that you and I
Should get back to how we were

Now that I, I put in all the work (you want me back)
Down in all the dirt (you see all that)
You wanna try, to say that you and I (I have become)

Should get back to how we were (and what I've done)

Now that I, I put in all the work (you want me back)
Down in all the dirt (you see all that)
You wanna try, to say that you and I (I have become)
Should get back to how we were (and what I've done)

Now that I, I put in all the work (you want me back)
Down in all the dirt (you see all that)
You wanna try, to say that you and I (I have become)
Should get back to how we were (and what I've done)

[Outro]

All of a sudden I'm all you need
