

# Get Down Like Dat

702

Get down  
(hey-hey)hey-hey  
da-da-da-da-da-da-da  
(repeat)  
this how we get down  
(repeat all)(Meelah)  
New in the neighborhood  
Looking good to me  
She's by your side, I can't deny  
Got to know your name  
You turn around, you see me now  
I think its love I've found  
My friends think I'm crazy  
But I don't care cause baby I get down  
chorus:  
I get down like dat  
Be like dat  
I won't fret  
She's no threat to me  
(It may seem wrong but it's all about what I want)  
Can I be like dat  
It's on like dat  
I won't get ya  
If I like what I see, yeah  
da-da-da-da hey hey  
(Irish)  
Your own my mind  
I think your fine but your with her  
(And I don't care)  
Can't let you get away  
I want you just because  
(She pulls you  
Turns you, trys so hard to take your eyes away)  
It's too late and you know it  
Cause I got you in a dazechorus:(Misha)  
Tell me am I wrong  
To go for what I like  
When she holds you tight  
You want me, it's only right  
And I don't care  
Her name is not step to you  
That means she don't own you

I'm gonna make you minechorus:  
(till fade)
