

# Gold Love

Maren Morris

[Verse 1]

Baby, I was way past the point of saving  
But you didn't try to save me, you just let it be  
Called me up, "Say, let's go get a drink"  
We don't even have to say a thing

[Pre-Chorus]

But we talked a while 'bout our dreams  
Our lives, our saints  
How you like to hear me sing

[Chorus]

I guess I always knew there was something more to you  
If my stars burn out of light, if my diamond loses shine  
Your gold love gets me through  
Gets me through, gets me through

[Verse 2]

Fascinated by the facets of me I hated  
The beauty that I kept shaded  
You brought the sun around  
Said I'm too good to be on the ground  
You wanna hold me, but you'll never hold me down

[Pre-Chorus]

Yeah, you saw the hurt through the pain  
Saw the sparks through the rain  
After that drink, I never was the same

[Chorus]

I guess I always knew  
There was something more to you  
If my stars burn out of light, if my diamond loses shine  
Your gold love gets me through  
Gets me through, gets me through  
I guess I always knew  
There was something more to you  
If my stars burn out of light, if my diamond loses shine  
Your gold love gets me through  
Gets me through, gets me through

[Bridge]

Yeah, I guess I always knew

There was something more to you  
Silver lining just won't do  
Your gold love will get me through  
Yeah, I guess I always knew  
There was something more to you  
Silver lining just won't do  
Your gold love will get me through

[Chorus]

I guess I always knew  
There was something more to you  
If my stars burn out of light, if my diamond loses shine  
Your gold love gets me through  
Gets me through, gets me through  
I guess I always knew  
(Yeah, I guess I always knew  
There was something more to you)  
There was something more to you  
(Silver lining just won't do  
Your gold love will get me through)  
If my stars burn out of light, if my diamond loses shine  
(Yeah, I guess I always knew  
There was something more to you)  
Your gold love gets me through  
Gets me through, gets me through  
(Silver lining just won't do  
Your gold love will get me through)
