

Your Way Down

Erik Dylan

[Verse 1]

You pulled the plug on us, thought you could do better
Wouldn't settle for an old patch two pack habit like me
So you went and found. neck tie grand slam new man
Bank account get you out of this ol' bush league town

[Chorus]

Well honey what goes around
Comes all the way back around
Look me up on your way down

[Verse 2]

You're livin' like a prom queen, sleepin' in a California king sized bed
Well more power too ya honey
But how long has it been since you talked to your mama and them
If you ain't too busy then you might oughtta call 'em sometime

[Chorus]

Well honey what goes around
Comes all the way back around
Look me up on your way down

[Verse 3]

Well I wonder if you'll ever see
It ain't about them pretty things you got babe
And I wonder if you'll ever miss
My midnight lips in that full moon parkin' lot

[Chorus]

Honey what goes around
Comes all the way back around
Look me up on your way down

[Verse 4]

I wonder if you'll ever see
It ain't about them pretty things you got babe
And I wonder if you'll ever miss
My midnight lips in that full moon parkin' lot, babe

[Chorus]

Honey what goes around
Comes all the way back around
Look me up on your way down

[Outro]

Yeah, won't you look me up on your way down
