

# Dance the Night Away (feat. Denim)

David Banner

Look at your body  
Your man needs help  
Stop being selfish  
I got notes  
Take my hand  
I'll do the rest  
Tell me what you want girl  
Is it S-E-S-E-X  
Daddy don't want you  
Hangin with a thug  
I bet he's thinking  
We gonna ha ha ha ha  
Breathe real hard  
Your sweat is drippin  
All over your body  
Let me give you what you're missin  
Grab you coat, grab you coat  
Say goodbye, say goodbye  
Now let's ride, c'mon let's ride, girl let's ride, girl lets ride  
I feel the need, I feel the need to sweep ya, to sweep  
Me and you we should be  
Dancing in the sheets I can do what i want to  
I play by my own rules  
Come with me let's just dance the night away  
Don't worry bout what i do  
Watch me as i move on the floor  
And let's dance the night away  
Ooh the night away  
Come with me let's just dance the night away  
I've been thinking we should be lost  
All of your clothes let's take them off  
Except them pumps leave them on your feet girl  
Give it to me now  
I'll make your week girl  
Now mamma what you gonna do  
Live in the past and move on to something new  
I trippin about your friends, they can come to  
We aint' got much time but i'm acting brand new Ooh no i don't follow no rules  
I do whatever i want to  
It's my life and i can't be  
Like you i can only be me  
Some call me a rebel

You wanna be one let's go It's your life so gonna do you  
Don't let no one control what you do Grab you coat, grab you coat  
Say goodbye, say goodbye  
Now let's ride, c'mon let's ride, girl let's ride, girl lets ride  
I feel the need, I feel the need to sweep ya, to sweep  
Me and you we should be  
Dancing in the sheets I can do what i want to  
I play by my own rules  
Come with me let's just dance the night away  
Don't worry bout what i do  
Watch me as i move on the floor  
And let's dance the night away  
Ooh the night away  
Come with me let's just dance the night away Ooh no i don't follow no rules  
What does your daddy keep telling what you're gonna do  
I do whatever i want to  
3 4 lets go, hit the door  
It's my life and i can't be  
See girl come with D.B.  
Like you i can only be me  
Take my hand girl you can be free Look into my eyes girl tell me what it is  
We could go the club but not yet, go ahead do it  
we can dance all night, your choice let's live Grab you coat, grab you coat  
Say goodbye, say goodbye  
Now let's ride, c'mon let's ride, girl let's ride, girl lets ride  
I feel the need, I feel the need to sweep ya, to sweep  
Me and you we should be  
Dancing in the sheets I can do what i want to  
I play by my own rules  
Come with me let's just dance the night away  
Don't worry bout what i do  
Watch me as i move on the floor  
And let's dance the night away  
Ooh the night away  
Come with me let's just dance the night away
