

# Devil in My Veins

Yelawolf

[Intro]

[Mother]

Michael Wayne  
I love you my darling  
My angel since birth  
Mercy stay beside you

[Yelawolf]

Alright, I love you

[Mother]

I love you too. Bye

[Verse 1]

Lately I've been afraid of myself  
The closer that I get to rain  
The more I feel at home, the further I'm away  
And all that I feel is pain

[Hook]

Count me, count me, call my name  
Don't leave me out in shame  
Cause these crimson tears falling  
And my shirt is blood-stained  
And the devil's forever in my veins  
And the devil's forever in my veins

[Verse 2]

The morning's a cross I bear when I wake  
Am I asleep? Have I broken my faith?  
Down on my knees, can you hear me when I pray?  
Or am I a little too late to...

[Hook]

Count me, count me, call my name  
Don't leave me out in shame  
Cause these crimson tears falling  
And my shirt is blood-stained  
Cause the devil's forever in my veins

And the devil's forever in my veins

[Hook]

Count me, count me, call my name

Don't leave me out in shame

Cause these crimson tears falling

And my shirt is blood-stained

And the devil's forever in my veins

The devil's forever in my veins

The devil's forever in my veins
