

Kentucky Dirty

Laura Bell Bundy

Ready to run for the roses
Ti-ti-tired of keepin' up with the Jones'
Fiddly dee, havin' a ball, I'm proposin'
We should P.A.R.T.Y. Diggin' it deep like a coal mine
Step-step-steppin' up strawberry moonshine
It's gonna be, leave it to me, have a cold one
Hell of a F.R.I. day night 24 hours every single day
24 miles down to the Cumberland Lake
24 bottles in a cold beer case
Coincidence? I think not Takin' our dance out of this city
Where the girls are fast and the horses pretty
Gonna get wild and a little bit flirty
Everybody get Kentucky dirty
Out where the bluegrass grows too high,
Odds are good we're gonna drink tonight,
So pour that bourbon straight and sturdy,
Everybody get, everybody get
Everybody get Kentucky dirty Been countin' it down to let's do this
Fetch my hat but kept the Mint Julep
Like a wild cat I'm gonna prove it
When we P.A.R.T.Y. Gonna get my dance dirty
Hope you understand dirty
Gonna get my truck and my boots and my hands dirty
It's gonna be, leave it to me, woo-hoo
One hell of a F.R.I. day night 24 hours every single day
24 carats make solid gold bling
24 bottles in a cold beer case
Coincidence? Maybe
Takin' our dance out of this city
Where the girls are fast and the horses pretty
Gonna get wild and a little bit flirty
Everybody get Kentucky dirty Out where the bluegrass grows too high,
Odds are good we're gonna drink tonight,
So pour that bourbon straight and sturdy,
Everybody get, everybody get
Everybody get Kentucky dirty Help me sing this song for my old Kentucky home
For my old Kentucky home Takin' our dance out of this city
Where the girls are fast and the horses pretty
Gonna get wild and a little bit flirty
Everybody get Kentucky dirty Out where the bluegrass grows too high,
Odds are good we're gonna drink tonight,
So pour that bourbon straight and sturdy,

Everybody get, everybody get
Gonna get a little bit, get a little bit
Everybody get Kentucky dirty Kentucky dirty, Kentucky dirty, Kentucky dirty...
