

# Can You Blame Me (feat. Lucky Daye)

Kehlani

I need you here, my safe haven (Safe)  
Rather go at it, then not speak at all  
How you made me feel is dangerous Oh, you know  
I would rather argue than me sleep alone  
Rather call you out than no one call my phone  
Hold my grudge instead of havin' none to hold, none to hold 'Cause you made me fall in it  
Yeah, you're the reason I got a weakness, oh, no  
You drive me crazy, still that's my baby  
Can't get enough of you  
Baby, it's somethin' that you do  
Can't get enough of you  
Baby, it's somethin' that you do  
Say it umpteen times  
You think I'ma leave, but I'm never gonna jump sides  
We been on a rough ride  
Still ride shawty with a nigga through the long nights  
And it's always two rights  
Playin' games with our hands tied  
Who else can I confide in?  
Don't want a war tryna win a fight, and yeah, you got it Cover my phone up  
Hopin' you decide to just show up  
Rather say it all to your face  
I rather we act like grown ups  
Sometimes I block all your calls  
You start hittin' my girls up  
Talkin' 'bout, "Where's my baby?"  
And that's when I soften up  
Yeah, you know  
I would rather argue than me sleep alone  
Rather call you out than no one call my phone  
Hold my grudge instead of havin' none to hold, none to hold 'Cause you made me fall in it  
Yeah, you're the reason I got a weakness, oh, no  
You drive me crazy, still that's my baby  
Can't get enough of you  
Baby, it's somethin' that you do  
Can't get enough of you  
Baby, it's somethin' that you do You're the only one for me, only one for me, oh  
Only one for me, only one for me, yeah  
Only one for me, only one for me, oh
