

# Untouchable

## Tritonal & Cash Cash

We've been wondering in the dark  
A million miles apart  
Going nowhere  
Believe that even if we're lost  
You know it won't be long 'til we get there  
Spinning around no control  
Burning down I'm letting go  
We've been wondering in the dark  
When no matter where are  
Just remember  
We rise and we fall  
We'll stay  
We'll stay untouchable  
Yeah, after it all  
We'll stay  
We'll stay untouchable  
Time is slipping through our hands  
We're sinking in the sand to forever  
Lie, surrender to the dark  
But we could make a spark here together  
Hanging on by a thread  
We will climb back again  
Time is slipping through our hands  
It's hard to understand  
But remember  
We rise and we fall  
We'll stay  
We'll stay untouchable  
Yeah, after it all  
We'll stay  
We'll stay untouchable  
We rise and we fall  
We'll stay  
We'll stay untouchable  
Yeah, after it all  
We'll stay  
We'll stay untouchable  
We'll stay  
We'll stay untouchable  
We'll stay  
We'll stay untouchable  
We'll stay  
We'll stay untouchable  
We'll stay  
We'll stay untouchable
