

# Guilty Filthy Soul

## AWOLNATION

[Intro]

I'm running out of faith  
Be careful who you tell  
I'm running out of faith  
Be careful who you tell

[Verse 1]

She's blackening my name  
My army never came  
It's water under the bridge  
Be careful who you tell

[Chorus]

Cause you gotta look her in the eye  
And you gotta love your way of life  
Cause you got a guilty, filthy soul  
Don't ya know it's out of your control?

[Verse 2]

She's blackening my name  
I know you feel the same  
It's water under the bridge  
Be careful who you tell

Stop squeezing on my neck  
Your unemployment check  
It's water under the bridge  
Be careful who you tell

[Chorus]

Cause you gotta look her in the eye  
And you gotta love your way of life  
Cause you got a guilty, filthy soul  
Don't ya know it's out of your control?

[Bridge]

Waiting on a blood line  
You can find some free time  
Look at who you're hating

Now you're celebrating

Waiting on a blood line  
You can find some free time

Waiting on a blood line  
Waiting on a blood line  
Waiting on a blood line

[Verse 3]

She's blackening my name  
Be careful who you tell

[Chorus]

Cause you gotta look her in the eye  
And you gotta love your way of life  
Cause you got a guilty, filthy soul  
Don't ya know it's out of your control?
