

All Night Long (feat. Lisa)

LMFAO

I read your text saying what you wanna do to me
(all night long)
I think I might be able to fulfill your fantasy.
We can ride away, no time to waste, tonight baby
(all night long)
We can ride away, no time to waste, tonight baby. Walking up dirty street, she was caught over
the beat
Ooh the way she looked at me
She's out of space like Anakin,
body like a mannequin, sipping on a girly drink.
Dancing on the table, life of the party,
got my tongue on her navel, taking shots of her body
Yea this little hottie, she's trying to get me sprung,
while she's sucking on cherries tying knots with her tongue.
Ooh girl, it's you girl,
I love it when you're teasing me.
Ooh girl, the things you do girl,
I love it when you're pleasing me. You wanna get it shawty (all night long)
Then keep acting naughty (all night long)
You got me thinking baby (all night long)
You need a spanking baby (all night long) You wanna get it shawty (all night long)
Then keep acting naughty (all night long)
You got me thinking baby (all night long)
You need a spanking baby (all night long) Walking down dirty street, party rockin to the beat,
ooh the way he looked at me
He's out of space like Anakin,
body like a mannequin, sipping on some Hennessy.
Dancing on the table, life of the party,
he's got his tongue on my navel, taking shots of my body
Yea I'm feeling naughty, I'm trying to get it sprung,
while I'm sucking on this lollipop,
you can be my lollipop. Ooh girl, it's you girl,
I love it when you're teasing me.
Ooh girl, the things you do girl,
I love it when you're pleasing me. You wanna get it shawty (all night long)
Then keep acting naughty (all night long)
You got me thinking baby (all night long)
You need a spanking baby (all night long) You wanna get it shawty (all night long)
Then keep acting naughty (all night long)
You got me thinking baby (all night long)
You need a spanking baby (all night long) Now everybody say oh, oh, oh, ooh
Now everybody say oh, oh, oh, ooh

Now everybody say oh, oh, oh, ooh
Now everybody say oh, oh, oh, ooh I read your text saying what you wanna do to me
(all night long)

I think I might be able fulfill your fantasy.
We can ride away, no time to waste, tonight baby
(all night long)
We can ride away, no time to waste, tonight baby.
