

Beside You (feat. Georgia Ku)

Matoma & Captain Cuts

Even though I'm tired
I wait up for a while
I just want your skin against mine
Baby, won't you show up
I ain't gotta say much
You know what I got on my mind Hit every inch of my heart like an overdose
I guess a shot in the dark ain't impossible
And now I'm wrapped in your arms, baby, hold me close
Don't you let me go, let me go Who never thought this could be real?
They don't know what I do
It's heaven right beside you
And they'll never know how good it feels
'Cause they don't feel what I do
How the hell did I find you?
Who never thought this could be real?
They don't know what I do
It's heaven right beside you
And they'll never know how good it feels
'Cause they don't feel what I do
How the hell did I find you?
It's heaven right beside you Baby, have I told you
That even when I'm sober
The thought of you is getting me high
I'm caught up in the moment
It's hard to keep my focus
When you're the only thing on my mind Hit every inch of my heart like an overdose
I guess a shot in the dark ain't impossible
And now I'm wrapped in your arms, baby, hold me close
Don't you let me go, let me go
Who never thought this could be real?
They don't know what I do
It's heaven right beside you
And they'll never know how good it feels
'Cause they don't feel what I do
How the hell did I find you?
It's heaven right beside you It's heaven right beside you
It's heaven right beside you Like an overdose
It's heaven right beside you
Don't you let me go, let me go Who never thought this could be real?
They don't know what I do
It's heaven right beside you
And they'll never know how good it feels

'Cause they don't feel what I do
How the hell did I find you?
It's heaven right beside you
It's heaven right beside you
