

Give It Up (feat. G-Eazy)

[Nathan Sykes](#)

Something happened babe
Only you can make it right
And clear my heavy mind with your tricks
Got that magic baby
Cause everything I feared
Just slowly disappear as we kiss
Baby I want you close, I want you close
Give me your love
Baby I want some more, I want some more
Can't get enough
Baby wanna feel your touch, wanna feel your touch
Just give it up
We can go on and on and on and on and on
Don't leave me girl
Please stay with me tonight
Don't leave me girl
I know you're down to
Give it up
Are you happy babe
I can make it Valentines
Every single night
Dim the lights
(yeah)
I'm ecstatic babe
You got me on a high
Join me in the sky, paradise
(yeah)
Baby I want you close, I want you close
Give me your love
Baby I want some more, I want some more
Can't get enough
Baby wanna feel your touch, wanna feel your touch
Just give it up
We can go on and on and on and on and on
Don't leave me girl
Please stay with me tonight
Don't leave me girl
I know you're down to give it up
Had a show in Sydney
in front of Aussies right
Then a show in London on the longest flight
I know it's been too long and you're always right

I'm just tryna see you after a hard day's night
 'N listen
 It's between us
 Our secret don't tell
 It's Beatles mania when I leave the hotel
 'N we don't want tabloids
 Cats have no chill
Just tryna' be with you alone we could go till
 The clock hits morning
 'N it's a sure thing
 Let's tuck off without paparazzi swarming
 I'm tryna show you
 You're the most important
In town one night ain't tryna be too forward
 But we got one chance
 'N I can't wait 'til
 The next time I see you so
You should stay 'til I leave to the next city
 And disappear
 So don't leave I need you here
 I'm sayin'
 (yeah)
 Don't leave me girl
 Please stay with me tonight
 Don't leave me girl
 (Don't leave me baby)
I know you're down to give it up
 Don't leave
 Stay with me tonight
 Don't leave me baby
 Don't leave baby
I know you're down to give it up
