

# Satellite

Guster

Shining like a work of art  
Hanging on a wall of stars  
Are you what I think you are? You're my satellite  
You're riding with me tonight  
Passenger side, lighting the sky  
Always the first star that I find  
You're my satellite Elevator to the moon  
Whistling our favorite tune  
Trying to get a closer view  
You're my satellite  
You're riding with me tonight  
Passenger side, lighting the sky  
Always the first star that I find  
You're my satellite Maybe you will always be  
Just a little out of reach  
You're my satellite  
You're riding with me tonight  
Passenger side, lighting the sky  
Always the first star that I find  
You're my satellite  
You're my satellite
