Yeah baby  
On the road all the time and I swear  
I'm tryna get some time to spare  
Trying to show you how much I love you  
Trying to show you how much I care  
And everybody got they opinions  
But they ain't got no money, aye  
No wonder why these bitches hating And these niggas be acting funny, aye  
On the road all the time and I swear  
I'm tryna get some time to spare  
Trying to show you how much I love you  
Trying to show you how much I care  
And everybody got they opinions  
But they ain't got no money, aye  
No wonder why these bitches hating

I love the way you look, love the way you smell

Tell me how you feel, I'm just keeping it real

I just wanna chill, you look good in them heels

Sipping 17, I might let it spill

And shawty know I don't care, we could play Truth or Dare

I might fuck up your hair, don't be acting scared

It's the Zoo year, it's the Zoo year

Monty and Zoovier, Monty and Zoovier

On the road all the time and I swear

I'm tryna get some time to spare

Tryna to show you how much I love you Tryna to show you how much I care

And everybody got they opinions

But they ain't got no money, aye

No wonder why these bitches hating

And these niggas be acting funny, aye

On the road all the time and I swear

I'm tryna get some time to spare

Tryna to show you how much I love you

Tryna to show you how much I care

And everybody got they opinions

But they ain't got no money, aye

No wonder why these bitches hating

And these niggas be acting funny, wow

Name another nigga that you know that could do it like me, aye

I'm the best at this shit and she know it, aye

Name another nigga that you know that could do it like me

Name another nigga that you know that could do it like me, aye

I'm the best at this shit and she know it, know it, know it, woah

Name another nigga that you know that could do it like me, aye
