

# Don't Disturb This Groove

Silk

Ooh, ooh, ooh  
Baby  
Ooh, ooh, ooh  
I'm in heaven

Pay attention, are you listenin'?  
Hey, you're my favorite girl  
Excuse me for the moment  
I'm in another world

On a mountain, by a fountain  
Flowers blooming everywhere  
With Venus and with Cupid  
The picture's very clear

Hang the sign up on the door  
It says, 'Don't disturb this groove'  
All I want is just me and you  
It's a way to say that I'm so into you

Just, so that I'm understood  
And the feeling's so real  
Don't disturb this groove

Erotic whispers for the listener  
Let the music fill the air  
Excuse me for the moment  
I'm at a loss for words

By elation, your affection  
And as if these eyes would care  
Your heart is in the right place  
So don't you go and chase

Baby over and over  
The passion starts again  
And the lollipops and everything  
Little taste of sin

Causing fire and desire

In this mortal soul to live  
Till the angels fall from heaven  
And the day the earth stood still

Hang the sign up on the door  
It says, 'Don't disturb this grove'  
All I want is just me and you  
It's a way to say that I'm so into you

Just, so that I'm understood  
And the feeling's so real  
Don't disturb this groove

All I want is just me and you  
It's a way to say that I'm so into you

Just, so that I'm understood  
And the feeling's so real  
Don't disturb this groove

When you feel so good  
Don't disturb this groove

Close your eyes and let the music  
Put you in the groove  
Ooh, baby just lock the door and turn the phone off  
It's time for me and you

Hang the sign up on the door  
Don't disturb this groove  
All I want is just me and you  
It's a way to say that I'm so into you

Just, so that I'm understood  
And the feeling's so real  
Don't disturb this groove

All I want is just me and you  
It's a way to say that I'm so into you

Just, so that I'm understood  
And the feeling's so real  
Don't disturb this groove
