If I Was Your Man

Blake Shelton

If I was a cloud I'd make baby raindrops And they'd feed the treetops If I was a cloudIf I was the sun I'd shine on the flowers And pass on the power If I was the sunIf I was the moon I'd caress every ocean In celestial motion If I was the moonIf I was a star Charmed and enchanted All wishes would be granted If I was a star If I was your man The kisses would linger I'd melt in your fingers If I was your manIf I was your man We'd share every shower And wash away the hours, baby If I was your manIf I was a song I'd reach all the people From barrooms to steeples If I was a songIf I was a dream I'd be sweeter than honey I'd be bigger than money If I was a dream If I was your man We'd dance through the daisies They'd say we were crazy girl If I was your manIf I was your man I'd pump you with this passion You'd get more than fashion, baby If I-I-I-I was your man You would not have to hurry I'd rub away your worries girl If I was your manIf I was your man Then we'd be together Now and forever, baby If I was your manAnd if we were love We'd heal every nation We'd be on everybody's station If we were loveIf I was your man

Sweet lovin' man If I was your man If I was your man
