You Know You're Right

Nirvana

I will never bother you

I will never promise to

I will never follow you

I will never bother youNever speak a word again

I will crawl away for goodI will move away from here

You won't be afraid of fear

No thought was put into this

I always knew it would come to this Things have never been so swell

I have never failed to fail

Pain

Pain

Pain

You know you're rightYou know you're right

You know you're right

I'm so warm and calm inside

I no longer have to hide

Let's talk about someone else

The steaming soup begins to meltNothing really bothers her

She just wants to love herself

I will move away from here

You won't be afraid of fearNo thought was put into this

I always knew to come like this

Things have never been so swell

I have never failed to fail

Pain

Pain

Pain

Pain

Pain

You know you're right

You know your rights

You know you're right You know your rights You know your rights You know your rights Pain
