Not everyone is learning from the past  
Not everyone can come into the future Not everyone that's here is gonna last (gonna last)

Not everyone can come into the future  
Not everyone that's here is gonna last (gonna last) You ain't woke, come here, go again

Not everyone is learning from the past  
Not everyone can come into the future  
Not everyone that's here is gonna last (gonna last)  
Not everyone is coming to the future

To the futureIt's the future where we come from, bein' stars  
It's the future where we come from, bein' hard  
It's the future where we come from, beat 'em all  
It's the future where we come from, bein' boss  
It's the future where you gotta pay the cost (the future)  
It's the future where you come from, bein' lost (the future)  
It's the future, crucifixion on a cross  
But you know that I'ma rise above it all, yeah
