

# Mirror (feat. Kelly Price & Tweet)

KeKe Wyatt

Look me in my eyes mirror  
Cuz I've seen that look before  
Tell me whats inside mirror  
Cuz we both agreed no more We were so close to getting over him  
Now you're telling me we're going back  
Again - in How could you  
Betray me  
And take My heart back through that door Oh mirror  
Please tell me  
We both deserve so much more How could you  
Oh Mirror  
What Pleases you is hurting me  
Tell me mirror  
How could it be Oooh Look into my eyes mirror  
Can't believe the things he said  
See through his disguise  
Mirror  
Come with me, Lets run away We were so close to getting over him  
Now you're telling me We're going back again How could you  
Betray me  
And take My heart back through that door Oh mirror  
Please tell me  
We both deserve so much more  
How could you  
Oh Mirror  
What Pleases you Keeps hurting me  
Tell me mirror There's no way new love can find us  
If we keep looking behind us  
No More Heartache  
That aint the way loves supposed to be There's no way new love can find us  
If we keep looking behind us  
So this time mirror  
Listen to me How could you  
Betray me  
And take My heart back through that door Oh mirror  
Please tell me  
We both deserve so much more How could you  
Oh Mirror  
What Pleases you Keeps hurting me  
Tell me mirror  
Oh ooo ohh How could you  
Oh Mirror

What pleases you keeps hurting me  
Tell Me Mirror
