

# Drops of Jupiter (Tell Me)

## Train

Now that she's back in the atmosphere  
With drops of Jupiter in her hair, hey  
She acts like summer and walks like rain  
Reminds me that there's a time to change, hey  
Since the return from her stay on the moon  
She listens like spring and she talks like June, hey, hey But tell me, did you sail across the sun?  
Did you make it to the Milky Way  
To see the lights all faded  
And that heaven is overrated? Tell me, did you fall for a shooting star?  
One without a permanent scar  
And did you miss me  
While you were looking for yourself out there?  
Now that she's back from that soul vacation  
Tracing her way through the constellation, hey  
She checks out Mozart while she does Tae-Bo Reminds me that there's room to grow, hey  
Now that she's back in the atmosphere  
I'm afraid that she might think of me as Plain ol' Jane told a story about a man  
Who was too afraid to fly so he never did land  
But tell me, did the wind sweep you off your feet? Did you finally get the chance  
To dance along the light of day  
And head back to the Milky Way?  
And tell me, did Venus blow your mind? Was it everything you wanted to find?  
And then you missed me  
While you were looking for yourself out there  
Can you imagine no love, pride, deep-fried chicken  
Your best friend always sticking up for you Even when I know you're wrong?  
Can you imagine no first dance, freeze-dried romance  
Five-hour phone conversation  
The best soy latte that you ever had, and me? But tell me, did the wind sweep you off your feet?  
Did you finally get the chance  
To dance along the light of day And head back toward the Milky Way?  
But tell me, did you sail across the sun?  
Did you make it to the Milky Way  
To see the lights all faded  
And that heaven is overrated?  
And tell me, did you fall for a shooting star?  
One without a permanent scar  
And then you missed me  
While you were looking for yourself?  
And did you finally get the chance  
To dance along the light of day?  
And did you fall for a shooting star?

Fall for a shooting star?  
And now you're lonely looking for yourself out there
