

Laces Out, Dan!

The Fall of Troy

Interrupt this call...
Reasons seem to be incomprehensible,
But it's not you or me. This is what I see,
Something here is wrong,
Someone here is wrong! Wash your hands of me!
I don't care anymore!
You wanna play these games!?
I wanna wipe
That smile off of your face! Whore.
Do you think that I am joking?
Are you really that unprepared!?
Do you think that I am joking?
