

Warning

Nick Jonas

[Verse 1]

I keep tryna escape from this cage that I live in
This prison in my head
Oh, I own many mistakes from all of the things I never did
I carry my defense

[Pre-Chorus]

Now I'm running for the fences on my own

[Chorus]

And I can see the warning
Yeah, I can see the warning, warning
It's brighter than the morning, morning
Keeps tryna turn me right around
And it's all I ever wanted
It's all I ever wanted, wanted
I'm breaking the warning down, down

[Verse 2]

I, I got something inside
That keeps burning my body 'til it's sore
Keeps wanting more and more
Oh I, I'm gonna find, I'm gonna find what I have lost
Unlearn what I was taught

[Pre-Chorus]

Now I'm running for the fences on my own

[Chorus]

And I can see the warning
Yeah, I can see the warning, warning
It's brighter than the morning, morning
Keeps tryna turn me right around
And it's all I ever wanted
It's all I ever wanted, wanted
I'm breaking the warning down, down

[Bridge]

I'm breaking the warning (I'm breaking the warning)

I'm breaking the warning (I'm breaking the warning down)

[Pre-Chorus]

Now I'm running for the fences on my own

[Chorus]

And I can see the warning
Yeah, I can see the warning, warning
It's brighter than the morning, morning
Keeps tryna turn me right around
And it's all I ever wanted
It's all I ever wanted, wanted
I'm breaking the warning down, down
I'm breaking the warning
(Warning, yeah, I can see the warning, warning)
I'm breaking the warning
(It's brighter than the morning, morning
Keeps tryna turn me right around)
I'm breaking the warning, yeah
Yeah, I can see the warning, warning
(And it's all I ever wanted
It's all I ever wanted, wanted
I'm breaking the warning down, down)
I'm breaking the warning down
