

Bud Like You

AJR

[Chorus]

Way up, way up
Way up to the sky
When everybody here is sneaking in and getting high
Way up, way up
Way up to the moon
Boy it's good to know I got a bud like you

[Verse 1]

Enough, enough
There's no celebrities here
So why's the bouncer taking everything so seriously?
It's you and I
It's cool you feel the same
Like why's the DJ here?
If he's just pressing play

[Pre-Chorus]

Kickin' in the basement
Kickin' in the basement
Hatin' all the same things too
If I need a pick me up
Would you come and pick me up?
I could really use a bud like you
To pick me

[Chorus]

Way up, way up
Way up to the sky
When everybody here is sneaking in and getting high
Way up, way up
Way up to the moon
Boy it's good to know I got a bud like you
Way up, way up
Way up to the sky
When everybody here is sneaking in and getting high
Way up, way up
Way up to the moon
Boy it's good to know I got a bud like you

Boy it's good to know I got a bud like you

[Verse 2]

Enough, enough
There's no one here that we know
I think I knew a girl who knew the host
But she's heading home
We're standing
Laughing at the disco ball
Like who'd invest in that?
When no one's looking at it

[Pre-Chorus]

Kickin' in the basement
Kickin' in the basement
Hatin' all the same things too
If I need a pick me up
Would you come and pick me up?
I could really use a bud like you
To pick me

[Chorus]

Way up, way up
Way up to the sky (Way up to the sky)
When everybody here is sneaking in and getting high
Way up, way up
Way up to the moon
Boy it's good to know I got a bud like you
Way up, way up
Way up to the sky
When everybody here is sneaking in and getting high
Way up, way up
Way up to the moon
Boy it's good to know I got a bud like you
Boy it's good to know I got a bud like you (Go!)
Boy it's good to know I got a bud like you (Like you)
Boy it's good to know I got a bud like you

[Outro]

Boy it's good to know
Boy it's good to know
To pick me
Way up, way up
Way up to the sky
When everybody here is sneaking in and getting high
Way up, way up
Way up to the moon
Boy it's good to know I got a bud like you
Way up, way up

Way up to the sky
When everybody here is sneaking in and getting high
Way up, way up
Way up to the moon
Boy it's good to know I got a bud like you
Boy it's good to know I got a bud like you (Go!)
Boy it's good to know I got a bud like you
Boy it's good to know I got a bud like you
