

# Deserve Better (feat. Austin Mahone)

## Jump Smokers

You don't know me,  
You don't know how (How)  
Much this hurt me to say this now.  
I gave you everything you could ever need  
Still not happy so (Leave)  
I deserve better than you  
I deserve better than you  
I deserve better than (you) Take all your drama with you.  
Leave your keys  
(I deserve better than you)  
I don't need you anymore (Leave)  
I deserve better than you I deserve better than you Stop complaining and pack your things  
Thanks god I never did  
Buy you that ring  
I never cheated on you please believe  
I probably should have so (Leave)  
I deserve better than you  
I deserve better than you  
I deserve better than (you)  
Take all your drama with you.  
Leave your keys  
(I deserve better than you)  
I don't need you anymore (Leave) I deserve better than you (Deserve better, I deserve better, I  
deserve better)  
I deserve better than you (Deserve better, I deserve better, I deserve better) I better than
